THE COLORED PEOPLE'S AIM

They Want to Name Commissioner
Truesdell's Successor.

ONE OF THEIR RACE IN VIEW

A Movement Is Being Made for the Selection of a Representative Colored Republican for the Place. It Will Have United Support on Race Grounds.

The colored Republicans are quietly at work gathering influence in support of a demand upon President McKinley for the appointment of a representative of their race as the successor of District Commissioner Truesdell. The movement is based on racial considerations more than on politics, and its supporters will not be contented to the District people for no party. A leading colored Republican said today that the matter will be matured by March 4, and that immediately after the inauguration the request will be placed in the President's hands. It is the intention, he said, to agree upon one man, and press that man's claims, firmly but respectfully, with all the influence that can be brought to bear from every section where support can be had.

"We shall make no display of the matter," he continued, "and there will be no pyrotechnics. We consider that the colored people are entitled, enough in the District to entitle them to that recognition."

He was asked if the selection of a man had been yet made, and replied: "Not yet; but he will be named within the next two or three days."

He declined to state who are in the list of possible candidates for the place, but said the choice would fall upon an actual district resident—a man who is responsible, and of respectable ability and character.

"We shall go to the President," he said, "with a petition for the appointment of a man whom we shall select, urge the claims of the race in a becoming manner, and then leave the matter in his hands. There will be no doubt at all of the nominee's bona fide residence in the District, nor of his qualifications."

There are several prominent colored men who have been from time to time mentioned in connection with the Commission. Among these are Dr. C. B. Purvis, Lewis H. Douglas, ex-Senator B. K. Bruce and Prof. J. M. Langston. The Times informant was asked if one of these is likely to be chosen as the representative to be presented for the appointment, and he promptly declined to anticipate by so much as a suggestion. He repeated that the selection will be made within a few days, and promised to then give up the name.

THE ROCKY GAME TONIGHT.

An Exciting Contest Will Occur at the Ice Palace.

The line-up for tonight's hockey game at the Convention Hall Ice Palace, between the Washington and the Regent hockey teams, will be as follows:

Washington—J. A. Hendley, Donald McDonald, Charles Bushnell, and Lully B. Maize, captain; A. Paul Morris, cover point; Charles Dwyer, point; Phil Warner, goal; substitutes, Paul Evans, John Hall and Rosy Rogers.

Regents—S. Wimsatt, A. Caulfield, A. Fisher, and W. M. Fisher, captain; O. Miller, point; S. Hellen, cover point, and P. F. Lindsay, goal; substitutes, H. C. Chandler, J. Kent and H. Hall.

The teams have not been able to practice this week, but last Saturday both were out on the ice and indulged in some pretty rapid work. The practice work of both teams showed up in excellent style, and it is an open question which will come out on top at tonight's contest. The work Saturday was devoted mainly to team tactics and signals, and also blocking attempts for goal.

The game will begin at 8 o'clock, and an short halves will be played, those who attend will not be deprived of the use of the ice for more than half an hour. There will be an excellent representation of the address of each of the teams on hand, and plenty of enthusiasm to spur on the players to greater efforts in their team's behalf.

AN EFFIGY IN HER BED.

How Alice Trumble Deceived Her Mother and Eloped.

Cocheton, N. Y., Feb. 10.—A skillfully constructed effigy of Miss Alice Trumble, of Russell Centre, snugly stowed away in the young woman's bed last night, rendered an elopement successful. Although possessed of considerable money and a good reputation, Alice Trumble's efforts to gain the consent of Mrs. Mary Trumble to marry her only daughter, Alice, were unsuccessful. The widow had positively declared that the marriage of the young folks should not take place during her lifetime.

The fact that several unsuccessful attempts had been made by the sweethearts to deceive the wily widow only served to emphasize their determination. Finally it was agreed between the young couple that more effort to get married should be made, and last night was selected as the time.

Closely following the instructions of her sweetheart, Miss Trumble prepared the effigy, which she placed in her bed. Then she slipped from the window by means of a ladder, which her waiting companion had provided, and the two were soon speeding away to the home of a minister.

Before the couple had left the yard, Mrs. Trumble, with her accustomed caution, pushed ajar the door of her daughter's room, she saw the figure in bed, and, believing her daughter to be peacefully slumbering, contentedly retired to her own apartment. Mr. and Mrs. Snow drove to the home of the bridegroom's parents immediately after their marriage. They received word from Mrs. Trumble, acknowledging her defeat and vowing their home.

Beebe, which has been quite successful in their patriotic campaign, will render several appropriate songs. An occasion of considerable interest is anticipated, participated in not only by the members of the club, but also their friends and the general public, the ladies being especially invited. Inasmuch as some of the speakers are expected, the exercises will begin at 7 o'clock sharp.

Cornell and the Regatta.

It was, N. Y., Feb. 10.—The management of the Cornell University Regatta, which was held at the United Associated Presses that Cornell had not received any assurances to any one concerning its attitude in regard to the regatta of the coming summer, further than that it has, on inquiry, stated to Harvard that it presumes and hopes for a continuance of the Post-Keene regatta as organized in the past.

PLAYS AND PLAYER-PEOPLE

The Columbia was again crowded last night to hear the fourth lecture of the Stoddard lecture course. This theater has not known such crowds since its opening. Every seat is taken every evening, and at least one of the lectures will be given two extra hearings. Last night Mr. Stoddard's topic was "Old and New Russia." The opportunity for interesting treatment, the exposition of dramatic and fascinating facts and the presentation on the screen of beautiful and novel pictures was evident throughout the lecture, which was announced. Mr. Stoddard realized all that could have been expected. The pictures and any others he has shown save only those of the Yellowstone lecture. Tonight the lecture on Russia will be repeated. Tomorrow and Friday night the last lecture of the course will be given, and it will be a dual subject, Venice and Athens. The Yellowstone will be repeated Saturday afternoon and night.

Great interest is taken in the coming engagement of "The Sporting Duchess" at the Lafayette Square, which commences next Monday. The phenomenal cast which is to appear in the play has caused much comment. "The Sporting Duchess" has been meeting everywhere with crowded houses, and it is expected that it will be a success in New York during its run of 300 nights at the Academy of Music. There are fourteen mammoth scenes in the play and over 200 people in its production. Rose Coghlan, J. H. Stoddard, Cora Tanner, Eliza Fossor, Miss Mary Lacy, Louis Massey and K. R. Roberts are among the chief artists. The sale of seats will begin tomorrow morning.

The National will step from comedy to farce next week. Instead of the flaxen tangle there will be a firm of fummakers, Matthews and Bulger, who are comparatively new to Washington. Their piece is a refined but extremely merry farce-comedy, in which specialties are induced into a well-devised plot. The entertainment is called "At Gay Coney Island." It is in three divisions, called by reference to dramatic construction acts, but with reality three strikingly different pieces. Margaret Mather has returned to the stage. For her reappearance at the Columbia Theater next week she has chosen Shakespeare's "Cymbeline." The preparations for this production have been going on for over three months. "Cymbeline" is frequently produced. It is a heavy play to manage properly, requiring, as it does, such elaborate staging as is announced that the battle scene in Miss Mather's production will make the constructors of modern war dramas hide their heads. As Juliet, it will be recalled, Miss Mather achieved considerable success once upon a time. Her portrayal of Imogen will be watched with interest. Among those in her supporting company are E. J. Henley, who will play Iachimo; William Redmond, formerly of Mr. Mansfield's company, will be the Pisanio; Albert Reining, the Cloten; William Courtwright, the Posthumus; William McVay as Cymbeline; Mrs. Thomas Barry as the queen, and Miss Florence Wallace, granddaughter of Lester Wallace, as Helen. A number of dances are to be introduced into the play. These will be led by Miss Nora Savory.

Dr. Maurier's famous play, "Trilby," with all its magnificent scenery, beautiful costumes, original music and stage furniture, presented by A. M. Palmer's fine company, fresh from Australia, will begin a week's engagement at the Grand Opera House next week. "Trilby" she will make as a last farewell on Monday. Mr. William A. Brady, the manager of the company, says that she will be beautifully staged.

Eugene Blair and her own company come to the Academy of Music next week to present Charlotte Bronte's "Jane Eyre." This is the second revival Miss Blair has made. She has gone to the library of standard stories and placed two of them again before the public. "Jane Eyre" is a novel which has been so often read in fact its many interesting and exciting plots have been intensified by being put into acting form. Played by Eugene Blair and his fully equipped company "Jane Eyre" cannot fail to be well done.

Next week at the Lyceum Theater is George M. D. Walker's Metcalf company. The brightest star of the collection is Diana, a most graceful and spectacular dancer. In a primitive melody of nervous effects and lights harmoniously blended, as follows: A. L'Etouffe De Noir; La Chancelier; The Dance; L. L. of the Orient; Kerna and Cole, in a new sketch, entitled "The German Professor." South and Campbell, in Boston gossip, Gertie Gilson, singing comedies, Charles Vance, in plantation melodies, The Moynihan brothers, triple Irish dance, and a new sketch, entitled "The Irish Tourists," finish out this eclectic display. It is a flasher.

That entrancing comedy-drama, "The Burglar," adapted from Mrs. Burnett's popular sketch by Gus Thomas, author of "Aladdin" and other plays, is the attraction at the Blue Bird Theater next week. "The Burglar" is a piece unique and original in its construction, appealing with equal force to young and old. Its incidents are powerful and interesting, and give unusual opportunity for good dramatic action. It is a fact that more ladies and children have been entertained and delighted with "The Burglar" than with any other play of recent years. Four matinees will give ample opportunity for children to see this charming play.

THE WESTERN LEAGUE.

President Johnson Says Cleveland Will Stay in the Big League.

Chicago, Feb. 10.—The Western League magnates, who arrived in this city Monday, went home yesterday after arranging for transportation and other matters connected with their organization. Among other things it was given out that suggestions in regard to a schedule to arrange the list of games soon.

President Van B. Johnson, of the Western League, is named as the storied regarding the displacement of Cleveland in the National League and supplying its place by a Western League team. He said if one of the present members of the league was let go it would be a difficult problem to supply its place.

A Policeman Shot to Death.

Huntington, W. Va., Feb. 10.—In Central City last night three masked robbers shot to death a policeman Alexander McClarkey. The robbers had just held up two men and relieved them of valuables and McClarkey was in pursuit. A volley of bullets were fired at the officer and he fell with fatal wounds. One hand and arm, heavily armed, are in pursuit, and bloodhounds are on the trail. Lynching will result if a capture is made.

A Stolen Bicycle Recovered.

David Malone, a young colored man, was arrested yesterday afternoon by Detective Baranick, charged with stealing a Columbia bicycle, supposed to belong to the National League. The wheel, an entirely new one, was recovered from the boy through the aid of Ben Dakin, to whom he had attempted to sell it. The machine was taken to police headquarters for its loss was reported by the owner.

A QUARREL AND HYSTERICS

Carrie Jones Thought She Would
Frighten Her Lover.

SAID SHE HAD TAKEN POISON

The Young People Had a Row Because of Another Woman—She Was Soon Sorry for It All—Under a Physician's Treatment She Rapidly Recovered.

Miss Carrie Jones, a comely young waitress in an F-street restaurant, caused a mild sensation in her boarding-house, No. 518 Tenth street northwest, last night, by drinking a quantity of bromide with the alleged belief that it was poison. A hurried call was sent for the Emergency Hospital ambulance, while another messenger summoned Dr. Wade Atkinson, No. 707 Twelfth street. Ambulance and physician arrived speedily, but the former did not do so in haste. It was soon discovered that the alleged drug the young woman had taken was harmless, and she recovered after a brief spell of hysteria.

The young woman's actions all grew out of trouble she had had with her lover, it was said. She discovered that he had another sweetheart, and thinking she might frighten him, she took the contents of the bottle she supposed contained poison.

In her capacity as waitress Miss Jones formed the acquaintance of a young man, who came to the place for his meals, but whose name could not be learned. Last night he called to see the girl, and they had a lovers' quarrel of the old-fashioned sort, where neither really meant what was said.

The trouble arose from the fact that the young man has another charmer, to whom he is paying attention, and allowing his affections to oscillate between the two. Miss Jones became aware of her lover's actions yesterday, and last night accused him of having another sweetheart, and thereupon the dispute ensued. She had learned that her rival, already cognizant of the fact of the unknown young man's attentions to Miss Jones, had threatened to pull the latter's hair the first time she set eyes upon her.

One of the young ladies, a day or two ago, reported to the police that the other had made serious threats about her, all on the young man's account, but as no warrant was procured nothing was done in the matter. Things came to a climax when the much-courted gentleman left the house, after spending the evening in Miss Jones' company. This was shortly after 10 o'clock. About an hour later, when a company of young people, who live in the house, and had been to the theater, were passing the room occupied by Miss Jones, they heard the young woman groaning and carrying on in a manner that indicated she was in deep distress.

When assistance was gained to the room the young lady was found lying upon the bed. She told her inquiries that she had taken a dose of laudanum and wanted to die. A call was sent to Emergency Hospital for the ambulance.

Dr. Atkinson arrived at the same time and the ambulance was sent back. The physician found the young lady suffering from nervous prostration, from which she shortly recovered.

ENTERTAINED THE VETERANS.

Meade Post Played the Host in a Hospitable Manner.

The comrades of Posts Nos. 7, 9, 13, 17 and 20, G. A. R., were the guests of Meade Post, No. 6, at a very enjoyable "camp fire" given last evening at G. A. R. Hall. The occasion was the last of a series of meetings provided for by the committee on fraternal relations, by general order No. 6, from department headquarters, and the "old boys" were out in full force. Besides the members of the local posts, there were also present the department Commander McElroy and his staff.

The committee on entertainment had provided well for the comfort of the guests and a most enjoyable evening was spent. During the evening the following program was rendered: Address by Commanders Weaver, of Post No. 7, and T. E. Hopkins, of Meade Post, No. 5; instrumental duet by Messrs. Weber and Viemier; recitation, H. Arnold, Post No. 2; address by Dr. J. F. Rauh, Jr., vice department commander and member of Post No. 14; ballad, Steve Clements; patriotic songs, the "Old Boys' Quartet," composed of Messrs. McKee, Johnston, Player and Clarke.

After a lunch of coffee, sandwiches and oysters, the guests spent an hour or two in smoking and spinning yarns of the war time. The entertainment was in charge of Messrs. Arthur Hendricks, J. Tyler Ford, Stanton Weaver, George E. Davis and L. D. Bumpas.

THE FORESTERS' CONDITION.

Many Thousands of Dollars in the Treasury.

Columbus, Ohio, Feb. 10.—In the convention of the Catholic Order of Foresters yesterday afternoon, the chief officers made their annual reports.

In his annual address, High Chief Ranger Cannon said that at the opening of the present session the membership is 44,485, a gain of 12,000 members in the year.

During the year 264 deaths occurred in the order, representing a demand of \$267,000 on the endowment fund.

High Secretary Theodore B. Thiele, in his report, shows that in the past year there was paid to the high court \$304,726.45, of which only a goodly portion remains in the treasury.

Tonight there was a convention of all the side ranks of the order at Volks Halle. The election of officers will probably not be reached before Friday. There will be no opposition to the re-election of Thomas H. Cannon as high chief ranger, and Theodore Thiele as high chief secretary.

Golden Cross Notes.

Goodwill Commandery met Monday night, George Musson presiding. Among other business was the election of an additional representative, John W. Musson, and alternate, Philip H. Brannen, to the grand council, Goodwill having passed the 200 limit. The committee on good of the order was enlarged to seven members, and Mrs. Johnson and J. W. Humphrey were appointed to serve in addition to the present committee. Grand Commander Perry presented Past Noble Commander Musson with a jewel of his rank, the reception of which was acknowledged in a neat speech.

National Commandery elected four to membership last night, and will initiate them February 22.

Ideal's grand visitation was marked by two excellent addresses from Grand Commander Venable and Past Grand Commander Ehle. At Trinity's visitation Knight Fulton of Golden Commandery, was the orator of the evening.

Fought to a Draw.

Cincinnati, Feb. 10.—The twenty-round glove contest for a purse of \$500 between the feather-weights, Eugene Bezman, of this city, and George Stout, of Omaha, Neb., last night before the East End Club of Covington, Ky., was declared a draw. Stout apparently had all the best of it, but could not knock Bezman out.

DESCRIBED BY SYMPTOMS.

Hosts of people suffer from the various malignant poisons in their blood, which produce or result from catarrh. Many other persons suffer from nervous diseases, liver diseases, kidney diseases and skin diseases, as the result of irritating crystal poisons in the blood. A majority of such sufferers do not have a definite understanding of the nature of their affliction. The following symptoms have been arranged by Dr. McCoy to enable sufferers to understand just what it is that ails them. Although written and copyrighted by him, they have been extensively copied by other concerns without his authority. The proper course of those affected is to read these symptoms carefully over, mark those that apply
